Dear General Ulmer:

I want to express my appreciation for the assistance your staff provided in designing, developing, and implementing a core course for our newly appointed senior intelligence officers.

Through the exchange of ideas, information, and the collaborative efforts of CCL personnel with our Executive Development Staff, we were able to create a highly relevant program for the future leaders of our Agency. I especially want to commend Robert Dorn, Randall White, and Michael Lombardo for their assistance in the basic design of the course and in presenting the results of their research into "derailment" and "lessons learned." They were always cooperative, professional, and enthusiastic in addressing our common concerns.

Please convey my gratitude for the time and effort they devoted to this project.

Sincerely,

Director  
of  
Training and Education
